	Chemistry	25											
	Biology	50											
16	<div>Pattern of Question Papers in SMFWBEE-2025</div> <p>The total marks in Physics, Chemistry and Biology paper would be 25 and 25, and 50, respectively, and the total full marks would be 100. Each Question would be of 1 mark. In every subject, all questions will be of Multiple Choice Questions (MCQ) type, with four options against each of the questions.</p> <p>Only one option is Correct.</p>												
17	<p>The Question for MCQ Exam will be in Bilingual Mode - English / Bengali</p>												
18	<div>Mode of answering in the offline examination:</div> <div><div>a) Questions are to be answered on specially designed optical machine readable response (OMR) sheet, which will be evaluated by the method of Optical Mark Recognition by specially designed machines only and therefore it is very important to follow the correct method of marking.</div><div>b) There will be four alternative answers for each question. Candidate will indicate response to the questions by darkening the appropriate circle completely with blue/black ball point pen.</div><div>c) Any other kind of marking e.g. filling the bubble incompletely, filling with pencil, cross mark, tick mark, dot mark, circular mark, over writing, scratching, erasing, white ink, marking outside the bubble etc. may lead to wrong/partial/ambiguous reading of the response. SMFWBEE-2025 will be, in no way, responsible for such eventuality. Response marking cannot be edited/changed/erased/modified. Hence it is advised that the candidate should be sure about the answer before marking and should not put any stray mark on which he/she does not want to attempt.</div><div>d) There will be no negative marking.</div></div>
